Content Focus

Pediatric Quality and Safety (PQS) is an international, peer-reviewed, open access, online periodical dedicated to providing healthcare professionals a forum to disseminate the results of quality improvement and patient safety initiatives that impact the lives of children from newborn to young adulthood. The journal expects to publish articles across a broad array of topics related to quality improvement including but not limited to QI methodologies and QI tool schools, QI related M & M, collaborative and network QI research, value and payment reform, population health, human factors helping to improve performance, guidelines and pathways, QI organizational structure, and QI education for staff and trainees.

Editor-in-Chief

Richard J. Brill, MD and Richard E. McClead Jr., MD, MHA

Frequency

Continuous publication with bimonthly compilations
